

LOUISIANA STATE BOARD OF MEDICAL EXAMINERS

July 20, 21, 2015

AGENDA

CALL TO ORDER

Business Meeting, Monday, July 20, 21, 2015, 8:30 a.m., 630 Camp Street, New Orleans, 5th Floor.

Personal Appearances, Monday, July 20, 2015, 1:00 p.m.

PUBLIC SESSION

1. MINUTES/PRIOR MEETINGS/CONFERENCES

Approval of minutes of last meeting.

Status report on action items of prior Board meetings.

Report on assignments to counsel.

2. RULINGS AND ADVISORY OPINIONS

None submitted for this month.

3. COMMUNICATIONS AND INFORMATION

Kimberly Alsbrooks, RT , RN, BSN, VA-BC; ECG Tip Placement of PICCs; Request for CMS Ruling; Ordering Laboratory Testing.

4. GENERAL ADMINISTRATIVE MATTERS¹

Financial Report.

President's Report.

Executive Director's Report.

CLP Committee Appointment.

Office of Debt Recovery.

Prescription Monitoring Program Quarterly Report.

Pennington Biomedical Research Center; Request for Exemption to Obesity Rules.

5. RULES AND REGULATIONS

a. **Final Rules/Amendments: Physician Assistants:** During the October 2014 meeting, the Board elected to undertake a rulemaking effort to remove the co-signature requirement for PA services from its existing rules and replace it with alternative methods of physician oversight (e.g., chart review) based on experience and changes in a PA's major area of practice. At its December 2014 meeting, the Board considered suggestions based on the discussions at its October 2014 meeting and direction from the President, along with separate suggestions offered by the Louisiana Academy of Physician Assistants ("LAPA"). Following discussion, including the input of the LAPA and the Chair of the PA Advisory Committee, the Board directed that further amendments be incorporated into the draft. Following discussion and further suggested modifications of the draft at its January 2015 meeting, the Board voted to provide *Notice of Intent* to adopt the amendments. Said notice appeared in the February 2015 edition of the *Louisiana Register*. The comment period closed during which time the Board received a number of comments in support of the proposed amendment and no adverse comments. Following review and discussion at its April 2015 meeting, the Board voted to adopt the amendments effective by and upon publication in the May 2015 edition of the *Louisiana Register*. In conformity with the Board's instructions, a final report was submitted to the Legislature, commenters were notified and the final rule were submitted for promulgation in the May 20, 2015 edition of the *Louisiana Register* in the identical form as previously noticed. The rule amendment became final upon publication in the May 2015 edition of the *Louisiana Register* concluding the rulemaking effort.

b. **Rules/Amendments: Noticed for Intent: Physicians and Surgeons – Unprofessional Conduct:** During its April 2013 meeting, the Board expressed a

LOUISIANA STATE BOARD OF MEDICAL EXAMINERS

AGENDA

desire to consider the development of rules correlating a physician representing himself or herself as a specialist in a particular field of practice without appropriate formal training in that field. The draft also included a prohibition against a physician prescribing of controlled substances to one's self or immediate family members in the absence of an emergency. A draft was submitted for the Board's review at its August and September 2013 meetings. At its October 2013 meeting, the Board determined to defer that part of the proposed rule dealing with self-prescribing and to provide *Notice of Intent* to adopt the amendments on unprofessional conduct in the *Louisiana Register*. Prior to publication, additional information was sought. Staff presented additional information concerning self/immediate family-prescribing of controlled substances at its June 2014 meeting. Following review and discussion, the Board elected to provide *Notice of Intent* to adopt the rules in the *Louisiana Register*. Said *Notice of Intent* appeared in the October 2014 edition of the *Louisiana Register*. At its December 2014 meeting, the Board considered the written comments in response to the *Notice of Intent*. Following review and discussion, the Board rejected some comments and decided to accept and address others by technical and substantive amendments. At its February 2015 meeting, the Board discussed the current status of the rule project. The Potpourri hearing scheduled for March 26, 2015 was postponed to discuss additional changes. At its March and April 2015 meetings, the Board discussed potential ways to further address concerns over the proposed amendment to Section 7603A.9. regarding a physician representing himself or herself as a *specialist*. Following discussion, the Board elected to defer this aspect of the amendments and to rely on the prohibition contained in the Medical Practice Act on false advertising as a basis to deal with future complaints along these lines. It also decided to proceed only with that part of the amendments addressing self-prescribing. A Potpourri Notice has been sent to the *Register* and a hearing has been scheduled for August 20, 2015 for 10:30 a.m. to receive comments on the substantive changes.

Occupational Therapy: The Occupational Therapy Advisory Committee proposed a number of amendments to the Board's rules respecting occupational therapists. Following review by Board staff, and a number of revisions to conform the rules to the law, a revised draft was returned to the Committee Chair for review. Minor substantive suggestions for revision or modification have been received and incorporated into the draft. In sum, the proposed amendments update the rules generally, insert additional language provided in the law, update definitions and practice standards, rearrange various provisions and delete others that are no longer needed. At the July 2014 meeting, a draft was presented for initial review and consideration. At its August 2014 meeting, the Board considered additional revisions suggested by staff, and, thereafter, elected to provide *Notice of Intent* to adopt the amendments. Said *Notice of Intent* appeared in the October 2014 edition of the *Louisiana Register*. At its December 2014 meeting, the Board considered the written comments in response to the *Notice of Intent* and elected to refer them to its OT Advisory Committee for input. In furtherance of this issue, the Committee/Staff reached out to the commenters and the Louisiana Association of Occupational Therapists ("LOTA"). Their input and the Committee's suggested revisions have been received; however, given the resulting delay there is insufficient time to make substantive changes, hold a hearing and conclude the rule making effort within the 1 year limit provided by law. Therefore, it is suggested that the Board adopt the rules without amendment, by publication of the final rule on or before the October 2015 *Register* and commit to commence a new effort to amend the two (2) sections of the rules made the basis of the comments, §1939 and §4919.

Physicians and that Surgeons – Telemedicine: Act 442 of the 2014 Legislative Session, which amended R.S. 37:1271 of the Medical Practice Act necessitated various

LOUISIANA STATE BOARD OF MEDICAL EXAMINERS

AGENDA

changes to the Board's existing Telemedicine Rules. Preliminary suggestions were presented to the Board during its July 2014 meeting for consideration and discussion. A revised draft was presented for consideration and discussion at its August 2014 meeting, at which time the Board voted to provide *Notice of Intent* to adopt the amendments. A draft containing technical and one substantive change was presented for review and discussion. Said *Notice of Intent* appeared in the October 2014 edition of the *Louisiana Register*. At its December 2014 meeting, the Board considered the written comments in response to the *Notice of Intent*. Following review and discussion, the Board rejected some comments and decided to accept and address others by technical and substantive amendments. The Potpourri hearing schedule for March 26, 2015 was postponed to discuss additional changes. At the request of the Chair of the House Health & Welfare Committee (Rep. Simon), the Executive Director and counsel attended a meeting at the capitol with Rep. Simon, lobbyists for the LSMS and LHA, and representatives of various other stakeholder organizations to discuss the Board's proposed amendments that limit the ability of physicians to prescribe controlled substances by telemedicine. In an effort to accommodate these concerns, the Executive Director has suggested additional changes for consideration. In the meantime, HCR 4 (Rep. Simon) was passed by the House, H&W Committee and the House. At its May 2015 meeting, the Board considered the status of the rulemaking effort, reviewed HCR 4, which has since been adopted by the Legislature and elected to provide notice of the additional substantive changes previously suggested in the Register. A *Potpourri Notice* has been sent to the *Louisiana Register* and a hearing has been scheduled for August 20, 2015 for 9:30 a.m. to receive comments on the substantive changes.

c. **Rules/Amendments under Development:** The following rules are under consideration by the Board. **Midwifery:** The Board considered amendments to the existing rules governing licensed midwife practitioners incorporating changes pursuant to the Louisiana Midwifery Practice Act during the 2012 session of the Legislature, updating the rules generally and rearranging sections for ease of reference. The Board reviewed and discussed changes at its January and February 2015 meetings. At its April 2015 meeting, the Board considered a suggestion that a licensed midwife be permitted to continue providing prenatal care to a woman with one prior cesarean section provided arrangements have been made with a physician, documented in the midwife's chart for the planned hospital delivery at the onset of labor. Per the Board's request, the suggested language is attached for the Board's consideration. The Louisiana Midwives Association has provided input on the suggested changes and input from another party is anticipated. As soon as this is received, a report will be made to the Board with any suggested revisions to the draft. **Physicians Compounding Medication:** At its December 2014 and January 2015 meetings, the Board reviewed Emergency Rules adopted by the Louisiana State Board of Pharmacy to reflect certain changes in federal law concerning compounded medication. Following review and discussion, the Board elected to undertake a rulemaking effort as to physicians who compound medication in order to insure consistency with federal and state law and regulations. A draft will be presented for initial review and consideration in due course. **Clinical Laboratory Personnel:** At the request of its Clinical Laboratory Personnel ("CLP") Advisory Committee, the Board agreed to undertake a rulemaking effort to amend its CLP Rules to reduce the term of a temporary permit from six months to three months. It directed that a draft be prepared and presented for review and approval. In conformity with the Board's direction, a draft was presented for initial review and discussion at its April 2015 meeting. Following further discussion at its May 2015 meeting, the Board voted to provide *Notice of Intent* to adopt the rule

AGENDA

amendments. **Physician Advertising; Board Certification:** At its March 2015 meeting, the Board determined to undertake a rulemaking effort to establish a process for its approval of certifying boards, alternative to the ABMS and AOA, for purposes of physician advertising of *Board Certification*. The Board directed that a draft be prepared and presented for review and approval. In conformity with the Board's direction, a draft was presented for initial review and discussion at its April 2015 meeting. Following further discussion at its May 2015 meeting, the Board voted to provide *Notice of Intent* to adopt the amendments. It is anticipated said *Notice* will appear in the *Louisiana Register* later this year. **Complaints and Investigations:** The President directed that staff/counsel commence a rule-making effort detailing the processes used by the Board for handling complaints and investigations given the concerns raised by HB 576, subsequently HB 843 (Act 442, Rep. Hazel). The matter appeared on the Board's May 2015 agenda for consideration and discussion of the rulemaking effort. With the input of staff and members, a draft is presented for initial review and discussion. **Athletic Trainers:** The Board's Athletic Trainer Advisory Committee is working on amendments to the athletic trainer rules to conform them to the 2014 amendments to the Athletic Trainer Practice Act. Following receipt of the Committee's suggestions and review by staff, a draft will be presented for initial review and consideration in due course. **Podiatry:** The Podiatry Advisory Committee ("PAC") has requested amendments to the Board's Podiatry Rules to: i) remove the requirements for board certification or eligibility as to an applicant for advanced practice who has completed a three year podiatry medical surgical residency training (PM&S 36) program; ii) make the Board's rules on unprofessional conduct equally applicable to podiatrists; and iii) include podiatrists in the Board's current effort on Board certification for advertising purposes. As to item i., the draft presented during its May 2015 meeting has been revised per the input of the PAC and item ii will require a separate effort that will be presented in due course; and, item iii requires further research. It is anticipated that representatives of the PAC will appear during the August 2015 meeting to provide input on the requested amendments. **Marijuana for Medical Purposes:** Act 261 (SB 143 Sen. Mills) of the 2015 session of the Louisiana Legislature directed the Board to: i) promulgate rules by January 1, 2016 authorizing physicians to prescribe marijuana for specified conditions (glaucoma, symptoms resulting from administration of chemotherapy cancer treatment and spastic quadriplegia); and ii) annually submit a report to the Senate and House Health & Welfare Committees as to any additional conditions that should be added to the list.

6. **PROPOSED LEGISLATION**

2015 legislation which may impact the Board.

EXECUTIVE SESSION

1. **MALPRACTICE COMMITTEE REPORT**

Professional liability reports.

2. **REPORTS INVESTIGATIONS/ADJUDICATIONS/LITIGATION**

Investigation reports.

Personal appearance schedule.

3. **LITIGATION**

Reports on pending appeals/suits/petitions.

4. **ADJUDICATION REPORT**

5. **GENERAL DISCIPLINARY MATTERS**

Review of requests for reinstatement to full, unrestricted status, off probation.

Request for modification of the term of Board orders.

LOUISIANA STATE BOARD OF MEDICAL EXAMINERS
July 20, 21, 2015
AGENDA

6. LICENSURE AND CERTIFICATION

Clinical Laboratory Personnel, non-routine applicant.

Podiatrists, advanced practice applicants.

Graduates of International Medical Schools

Non-routine applicants.

Review of request for acceptance of FLEX examination.

Graduates of US/Canadian Medical Schools

Non-routine applicants.

Request for waiver of examination attempts for tenured professor seeking full licensure.

Miscellaneous Licensure Matters

Reinstatement applicant.

Intern Registration; non-routine applicant.

Polysomnography Technician; Request for permit.

Occupational Therapist; request for waiver of examination attempt.

7. LEGAL MATTERS

Implications of laws passed in the 2015 Legislative Session.

8. NEXT MEETING

Next meeting of the Board – August 17, 18, 2015.

2016 Proposed Meeting Dates.
